

Online OfficeMax Discounts

PAR's program with OfficeMax offers savings to members through a core list of products that have been deeply discounted, plus a 40% discount off list price on other products. These savings are obtained through online ordering, which can be done through the PAR Website's OfficeMax portal. Orders through the Website are delivered in one to two days in almost all locations. So even if you're not close to an OfficeMax store, you can still participate in this member benefit.

Visit <http://maxbuyer.officemax.com/> to gain access to the website. All PAR members have the **User Name - parealtor** and the **Password - realtor1**.

OfficeMax In-Store Discounts

Retail Cards are available free to PAR members for use at OfficeMax stores. These cards have best price logic which means when you are at the store you will receive the discounted price of the Core Products. If the store is running a clearance on any Core Products and the store's price is lower, you will receive that price.

If you need something immediately, the Retail Connect card can be used in the store for savings. However, the very best pricing is at the Website. For your Retail Connect Card stop by the Association at 1847 Center Street, Camp Hill or visit www.ghar.info and click **About GHAR**.
